

The Village Houses are two-bedroom villas located in the Castro Marim Golf & Country Club. The villas on the ground floor have a living and dining room, an open-plan equipped kitchen, a bedroom en-suite, a storage room, and a guest bathroom. On the first floor, we find the master suite with a private terrace. Outside these villas have a carport parking space and share two swimming pools within the resort.

These villas are located within the Castro Marim Golf & country club resort, with three 9-hole golf courses, close to the Guadiana river, just 30 minutes from Faro international airport and one hour from Seville international airport.
